Tips:

- 1. Program the World-Access Local Access Number into your cell phones or registered phones' speed dial for easy use.
- 2. When you are traveling in North America outside the service areas, you could make long distance call through our **World-Access Toll free Number**. Dial the **World-Access Toll Free Number 1-877-727-1771** (an extra charge of 4 cents per minute will be added to the rates when using this toll-free number)

Warnings:

- 1. Service may not be available in certain regions or on certain wireless networks. Your wireless service provider may bill you roaming charges separately.
- 2. Your wireless provider may also count long distance call minutes made on your cell phone as local minutes.
- 3. Never dial "1" or "0" before the World-Access Number, even if prompted by the automated message of the wireless or local service carrier. Your call will be considered long distance and billed by the wireless or local service carrier, as well as World-Link.
