

World-Access Service

Make your long distance calls on your cell phones or any other phones in North America, and enjoy the same LOW rates as you are calling from home at the registered number with World-Link.

Table with 6 columns: Location, Local Access Number, Location, Local Access Number, Location, Local Access Number. Lists various Canadian cities and their corresponding local access numbers.

Use World-Access Toll Free Number 1-877-727-1771, an extra charge of 4 cents per minute

Dialing Instruction

Table with 2 columns: Dial from a Registered Phone (PIN-Less) and Dial from a Non-Registered Phone. Contains step-by-step dialing instructions and call format examples.

- Tips: 1. Program the World-Access Local Access Number into your cell phones... 2. When you are traveling in North America outside the service areas...
Warnings: 1. Service may not be available in certain regions... 2. Your wireless provider may also count long distance call minutes... 3. Never dial "1" or "0" before the World-Access Number... 4. When you are calling from a cellular phone...
